

HEPAKLIN

100 Tablets

LIVER SUPPORT*

SUPPLEMENTS FACTS		
Serving Size 1 Tablets		
Servings per Container 100		
Amount per serving	% Daily Value (DV)	
Purple Tephrosia extract (root) <i>(Tephrosia Purpurea)</i>	150 mg	**
Picrorhiza extract (rhizome) <i>(Picrorhiza Kurroa)</i>	100 mg	**
Andrographis extract (leaf) <i>(Andrographis Paniculata)</i>	50 mg	**
Phyllanthus extract (leaf) <i>(Phyllanthus Niruri)</i>	50 mg	**
Indian Tinospora extract (stem) <i>(Tinospora Cordifolia)</i>	25 mg	**
Boerhavia extract (root) <i>(Boerhavia Diffusa)</i>	25 mg	**
Long Pepper extract (seed) <i>(Piper Longum)</i>	25 mg	**
** Daily Value Not Established		

OTHER INGREDIENTS: Starch (Maize); Cross Povidone, Polyvinylpyrrolidone K-30, Microcrystalline Cellulose, Sodium Benzoate (E211), Magnesium Stearate, Talc, Transparent Film Coat (Hydroxypropyl Methylcellulose, PEG-6000, Titanium Dioxide, Talcum, Ethylcellulose).

PROPERTIES OF COMPONENTS:

- **Andrographis paniculata extract** increases the resistance of liver cells to damage by toxic substances by increasing the activity of antioxidant enzymes (catalase, superoxide dismutase, peroxidase, glutathione) and reducing lipid peroxidation;
- **Picrorhiza kurroa rhizome extract** has a hepatoprotective effect due to membrane stabilizing, antioxidant and hypolipidemic effects. The plant helps to increase the detoxification function of the liver, reduce the accumulation of fat in liver cells and recovery after the toxic effects of drugs, alcohol;
- **Tephrosia purpurea extract** helps to increase the functional reserve of the liver, as evidenced by the normalization of liver enzymes (alanine aminotransferase and aspartate aminotransferase), bilirubin, alkaline phosphatase;
- **Tinospora cordifolia stem extract** has antitoxic, antioxidant and antimicrobial effects. Also the plant has a hypolipidemic effect, thereby helping to normalize disorders of lipid metabolism;
- **Phyllanthus niruri extract** contains a complex of active ingredients that increase the protective function of the liver, and have antioxidant and antimicrobial properties;

- **Boerhavia diffusa extract** helps to increase the activity of antioxidant enzymes, the action of which is aimed at protecting liver cells from damage by free radicals and toxic substances. In addition, Boerhavia extract has choleric, antispasmodic and anti-inflammatory effects;
- **Piper longum extract** enhances the absorption of biologically active substances due to piperine alkaloid, and improves the recovery of liver cells.

RECOMMENDATIONS FOR USE: Hepaklin has been traditionally used to maintain healthy liver function and support a healthy biliary system.*

SUGGESTED USE: Take one (1) tablet twice daily with water before meals.

DURATION OF USE: Use for 3 months.

You need 2 packages of HEPAKLIN for the full course.
